

Good day

I would like to submit my Curriculum Vitae to apply for the Intermediate teaching post at your school. I had been in the teaching profession for about 5 years in the intermediate/senior phase teaching various subjects and grades.

To date, my academic qualifications include a Post Graduate Certificate in Education (PGCE) in the intermediate phase completed in 2013. Previously I have completed a BCom Marketing degree in 2010, with my Honors in Bachelors of Commerce in Business Management completed in 2012. I have a major in Business studies(2012) and in Economics(will be completing in 2020)

The last two years, I have spent working in my family fmccg business in retail which has been sold due to a tough economic climate, so I am immediately available. In 2018, my work experience included 3 years consecutively of teaching various grades of Mathematics, at Bedaa Al Mutawa School in the Emirate of Abu Dhabi(UAE), working for the Abu Dhabi Education and Knowledge Council. Prior to that I have worked two years at the Vhallies Park School in Valhalla, South Africa teaching English to grade 5/6 students as well as Natural Science and Social Sciences to various grades in the intermediate phase. I also was involved in various extracurricular activities but with a main focus on Netball.

I am an excellent class manager with strong planning, organizational and administrative skills. A diligent, resourceful, innovative and adaptable teacher who is flexible and will rise to meet the challenges of the diverse teaching environment and promote the philosophy of the organization. Also a good communicator that easily cultivates relationships with learners, parents, teachers and administration.

My goal is to combine my diverse experiences thus far with my abilities allowing me to become a compassionate, enthusiastic, intelligent teacher making a positive contribution to your team and school.

Hope to hear from you soon. If any further information is required please do not hesitate to contact me.
